OUR MISSION STATEMENT

Tomorrow's Topkids Child Care Centers will support and strengthen the family unit by providing a safe and stimulating environment for children. Children will be encouraged to try new experiences, taught the value of self and every person and provided with opportunity to acquire skills for tomorrow's world.

OUR CHILD CARE PHILOSOPHY

- ❖ We believe all families have the right to accessible, affordable neighborhood services.
- ❖ We believe all children have the right to loving, caring and qualified caregivers.
- ❖ We believe a holistic approach to childcare better meets the needs of the whole child: their physical, their intellectual, their emotional and their social development.

Children are a product of their environment;
It is our objective to create a wholesome, caring and stimulating environment.

Leaders . . .

As part of the “Community and School Awareness” component each Leader is encouraged to give a minimum of three (3) hours of their time, to do good deeds for their school or community. The activities are coordinated through the center Supervisor, but it is the Leader’s responsibility to search for, follow through and complete the task.

For the Leaders who complete all their volunteer work by January 31, 2019 and remain a Leader in good standing an “Appreciation Dinner” is planned for February 2019.

Junior Staff . . .

The goal of the Junior Staff program is to provide the older children in our centers with the opportunity to gain work experience and learn responsibility.

Our Junior Staff have agreed to be responsible for specific duties that range from cleaning, assisting with the younger children, and supervising younger participants on field trips to answering the phone. The regular staff considers the work of the Junior Staff a valuable asset to their programs as it allows them to free up more of their time to concentrate on the other children.
